SUMMARY

Design is my bridge between ideas and impact. Leveraging UI/UX, logo design, and web development skills, I create user-centered experiences that extend beyond the screen. I thrive in collaborative environments fueled by creativity and dedication.

EDUCATION

VOCATIONAL HIGH SCHOOL 2 BUDURAN, SIDOARJO

RECENT PROJECTS

DESIGNED WINNING LOGO FOR SISTEM INFORMASI ITATS

Aug 2023

- My design for Sistem Informasi ITATS' logo competition was selected as the winner. It effectively communicates their brand essence through a clean and memorable visual.
- For more details, feel free to visit : bit.ly/logosisfor

COMPLETED 70-DAY UI/UX DESIGN CHALLENGE

Dec 2023 - Mar 2024

- Dedicated 70 days to honing UI/UX design expertise through the 70RAD challenge. Gained valuable experience tackling real-world design problems.
- For more details, feel free to visit : bit.ly/70RAD-yodanis

DEVELOPING A WEB BASED APP FOR DRIVING SCHOOLS

Apr 2024 - Now

- A web app (under development) for my college final projects, with its main focus is user-friendly interface. It streamlines processes for instructors, students, and admin.
